ABOUT THIS OPPORTUNITY
Interns work fulltime, five days a week for the academic year (August 27 – June 15). They participate in staff development opportunities, school-community events, including parent/teacher conferences, and two evening meetings per year.

Interns complete six 3-credit courses per year, taught by outstanding USJ faculty. Classes are held on campus and at school sites in the evening.

Interns always receive the personal attention of a faculty advisor and the teacher licensure office.
