Where will your education take you?

• Would you like to study art or fashion in Italy?
• How about learning Latin American history from the top of the Temple of the Sun in Teotihuacán, Mexico?
• Or watching economics in action at the Mumbai Stock Exchange?
• Perhaps you are interested in studying the environment in Costa Rica?
• Do you want to work with children in Thailand?
• Or examine international health care policies in Guyana?

In today’s interconnected world, a study abroad experience is a valuable asset on your resumé.
Interested?
Come check out Study Abroad at the Office of International Studies & Programs. Here, the possibilities are endless!

We have an extensive resource library containing information on study abroad, faculty-led travel/study seminars, and international newsletters and periodicals. The Office also maintains an informative Web page at www.sjc.edu/studyabroad.

Since its inception in 1994, the Office of International Studies & Programs has sent student scholars all over the globe. They have traveled in India, Australia, Asia, Europe, Central America, and the Caribbean and have attended classes in prestigious European universities, language institutes, remote research stations, and on cruise ships.

Who May Apply?
Study Abroad is open and encouraged for both undergraduate and graduate Saint Joseph College students in all areas of study. While an international educational experience is required for Spanish and International Studies majors, study abroad is an asset for all academic and pre-professional disciplines. Many programs are taught in English.

Participants are generally required to:
• Have a minimum GPA of 2.75
• Have completed at least three semesters of collegiate study
• Meet the requirements of the Office of International Studies & Programs and of their major field of study
• Submit a formal evaluation of their overseas experience after their return

What Types of Programs Are Available?
Saint Joseph College offers students flexibility in choosing an appropriate international program. You may choose to study abroad either through a Saint Joseph College-sponsored travel/study seminar, service-learning project, or educational exchange program. You may also elect to conduct your foreign study through an approved program at another institution. If none of these options fit your needs, our office staff will be happy to help you research other study abroad possibilities. You may choose to study abroad for a few weeks, a summer term, a full semester, or for an entire academic year.

NOTE: Certain academic majors require study abroad for graduation and may dictate the length of time and/or terms spent abroad. Please check with your academic advisor regarding your major’s requirements.

Will My Credits Transfer?
Yes, assuming that the Office of International Studies & Programs has approved your chosen program and you have satisfied all Saint Joseph College requirements prior to your departure. To determine the applicability of credits earned abroad towards your major, you should consult with your academic advisor.

How Do I Apply?
So, are you ready to join other Saint Joseph College alumnae and internationalize your education? Come check out Study Abroad at Saint Joseph College!

Simply complete the form to the right or stop by the Office of International Studies & Programs. We will start you on your way.
